MAKE SSOs A PAY OFFER!

CPSU calls on the State Government to make a pay offer to SSOs.

Further delays in doing so will further disadvantage those who are among the lowest paid Public Sector workers.

CPSU delivered our SSO claim to the State Government in October 2007.

The SSO Agreement expired in April 2008.

SSOs deserve better pay and conditions, and a classification system with clarity that enables movement through the system. Most of all SSOs deserve a decent payrise.

- SSOs deserve a pay offer now.
- SSOs are the backbone of schools.
- Support those who support Victoria's educational system by signing the petition.
